**OLGA SAHRAOUI CREATES FLOWERY HAIRDOS**

Olga Sahraoui is the Owner and Leading Floral Designer of SAHOLA Floral Art & Event Design Company based in New York City.

Olga's passion for flowers started with an early age helping her grandmother in the garden. At that time, her parents wanted her to get more serious education than just flowers. She gained her Master's in English Language and Literature, followed by Associate Degree in Hospitality Business Management & Event Planning.

Olga's adventure in the world of floristry started about five years ago, when she took her first floral classes in New York Flower School, followed by couple years of working in some well-established NY floral shops, eventually Mastering her skills with some influential Dutch Florists like Jacqueline Boerma, Hanneke Frankema, Dennis Kneepkens...

Olga decorates parties, organises events ... but also the world of fashion & design won't let go of her. So she created a series of exuberant flowery hairdos.
